A8TH PUBLISH "THE WINNER"

PUPILS COMPILE ANNUAL UNDER MISS MARY FORD

40 COPIES, 70 PAGES

Very Creditable Project Worked Out By Room That Won Last Semester's Cup

Last semester, Superintendent L. E. Ziegler presented the pupils of the eighth A grade with a silver loving cup, for their project work. At the end of each semester, the cup is to be given to the class that has the best project. The class that receives the cup will keep it until some other class presents a better project. The eighth A grade is going to try to keep the cup for another semester.

The pupils, under the direction of Miss Mary Ford, are publishing a book, or magazine this semester, as their project. This book will bear the same relationship to the eighth A grade, as an annual does to a high school.

All Work By Pupils

The title of the book is "The Winner." Forty copies have been made one for each member of the class. Each book contains seventy pages. All of the work is that of the pupils. They picked the title, wrote the compositions, poems and stories, and made the illustrations. The size of the book, as well as the number that were made, readily indicates that it was no small task. All of the printing was done on the typewriter, and duplicate copies were made, with the hectograph. This gives the book an appearance, not far below that of a regular high school annual.

The cover is a light brown color. On it, is a picture of the cup, painted in silver and gold. "The Winner" is printed across the face of the cover in gold letters.

On the first page is a photograph of the cup. Underneath the picture, is the list of the editorial staff. The staff members are all members of the class. The following is the staff;

The Staff

Editors-in-Chief—Leola Miller, Glen Litsch.

Society Editors — Emma Ryan, Ruth Jensen, Mary Jane Bellows, Noreen White, Edwyna Forsyth, Catherine Wray, Eudora McDonald, Beatrice Puckett, Doris Wallace.

Athletic Editors — Clyde Gibson, Ora Petty.

Joke Editors—Halbert Catterson, Virginia Tulloch.

Advertising editors—Nellie Smith, Darroll Boeppler.

Committee on manual training—Veldron Anderson, Forrest Hall, Ray Keever.

Committee on domestic science—Mildred Hughes, Nellie Russell, Cleola Dawson, Frances Lemon.

Committee on civic news—Earl Somerville, Lawrence Kissinger, Lawrence Wray.

Committee on school calendar—Esther Miller, Helen Lauber, Nettie Russell.

Artists—Winifred Baker, Carl Fisher, Alma Chappell, Alma Carter.

Cartoonist—Florence Wray.

On the second page is a photograph of Miss Ford, who supervised the work on the book and to whom it is dedicated. On the third page is a photograph of the class members. On the fourth page is the class creed.

The next two or three pages are devoted to poems by some of the members of the class. One poem by Doris Wallace, on the cup and how the class is going to try to retain it, is especially good. The poem follows:

Poems By Pupils

On January twenty-third
Miss Ford got up to say a word;
We put our books and pencils down,
And listened intently, not making a sound.

She said, since we wanted so badly to keep
The cup, which they won by their project neat,
We would make a booklet just as good
As any eighth grade possibly could.

We first elected our editors-in-chief,
And what they can do is beyond belief;
So Leola Miller and Glen O. Litsch
Were chosen to pull us out of the ditch.

Need More Rooms for College Summer Term

Mrs. A. R. Perrin, Dean of Women Issues Call For Rooms To People Of Maryville

Mrs. A. R. Perrin, dean of women at the State Teachers College, has issued a call for rooms for the students who will be enrolled at the College during the summer term which begins May 28. In anticipation of a larger enrollment by far than ever before Mrs. Perrin said today that the need of rooms was great.

Single and double rooms are much in demand as are rooms for light housekeeping. There are many students who do not arrange for a room until they arrive in Maryville and always at the beginning of the summer quarter Mrs. Perrin is burdened with girls and boys who are in search of rooms.

Persons having rooms which they will let may notify Mrs. Perrin at her home or at the State Teachers College.

BEARCATS DEFEAT CONCEPTION 14-5

VISITORS FORCED TO USE TWO PITCHERS

M. U. HERE NEXT WEEK

University Nine Will Play Locals A Two Game Series On Monday and Tuesday

In a baseball game played yesterday afternoon on the State Teachers College diamond the College team won from the Conception College nine by a score of 14 to 5. The game was quite interesting until the last two innings when it became rather monotonous. Conception started the scoring in the second when Cordes was walked, stole second, was advanced to third on a passed ball and scored on a sacrifice by Shields.

Then in the third Maryville came back with two runs and counted two more in the fourth. Conception scored twice in the fifth frame, making the score 4 to 3 in favor of the Bearcats. Then in the sixth Schumacher, the visiting pitcher, was hit hard and frequently and the Maryville team ran in four runs. Again in the seventh the Maryville team added another tally. In the eighth inning Conception managed to get two men successfully across the plate. However the locals came back in their half and, off a new pitcher, Herold, drove in five runs. The Conception team could not find Dixon, the College moundsman, in their half of the ninth and the game ended with the score of 14 to 5.

This was the third of a four game series between the two teams. The final game will be played sometime in the near future at Conception.

Plans are being made for a two game series on next Monday and Tuesday between the Teachers College nine and the varsity team from the University of Missouri. These games will be played in Maryville. Coach Maynor has been in communication with Coach Henry Garrity, the university mentor, and it is almost an assured fact that the games will be played.

The line-ups—Maryville—England, c; Dixon, p; Wright, 1b; Sims, 2b; Leech, s. s. Pierpoint, 3b; Waller, rf; Egley, cf; Young rf.

Conception—Mallen, c; Schumacher, p; Coleman, 1b; Shields, 2b; Cordes, ss; Lodge, 3b; Grosserhodde, rf; Nangel, cf; Stremel, lf; Herold, p.

Japan's Act May be Soviet Recognition

Tokio, May 10—With Great Britain and Russia at loggerhead over fishing rights, Japan has given the fishing rights to Soviet Russia commissioner Joffe.

The action has been mailed in some quarters as practically amounting to recognition of the Soviet by Japan. However the Japanese government states that it is only a "temporary arrangement."

MAY DAY FETE TO BE GIVEN TODAY

WILL COMMENCE AT 5 O'CLOCK TONIGHT ON CAMPUS

BAND CONCERT TONIGHT

Musicians From All Over the County Will Join In Final Program Of Music Week

The May Day Fete will be given on the campus of the State Teachers College at 5 o'clock this afternoon. It was to have been given last night but was postponed on account of cold weather.

The play to be given is called, "The Coming of Spring." It is an interpretation of the workings of the elements. The play opens with the appearance of Darkness, The Earth, Ocean and Flora are all under the spell of Winter. Darkness is jubilant over its supremacy. The North Wind is called in to aid him, and blows with all its fury. Finally Snow appears, and Darkness and cold still hold sway.

The second scene opens by the Sun and her rays threatening the reign of Darkness and Cold. Darkness battles with all her might but is soon put to flight by the steady approach of warm and light. Flora awakens and Ocean dances in joy at the defeat of Winter. The West Wind comes and sways in joyous delight at its successful conquest. Trumpets blow and finally the May Queen and her train appear. Her crowning is celebrated by song and dance. The May pole is wound by the villagers and then all await the triumph of the Spring.

The playing and swing of the East Wind opens the third and final scene. However, the Clouds make their appearance, followed by Rain, Thunder and Lightening. Suddenly the storm is over an the South Wind tosses and turns in lazy motion and soon brings forth the Fairies and Nymphs who proclaim that Spring is really here.

Herron Homemakers Do Garment Work

The Herron Homemakers Club was one of the women's clubs near Maryville which sent delegates to attend the Garment Making School, taught by Miss Lois Martin, of the Agricultural Extension Service, in the Farm Bureau office, January 2 to 5. Mrs. Ella Guthrie and Mrs. L. E. Rogers were sent by the Herron Homemakers Club to attend the school and later to teach the club what they learned at the school. Mrs. Guthrie's report to Miss Martin shows that after learning to do the work under Miss Martin's instructions, they have taught fifteen other women in their community how to take measurements and draft patterns, with an estimated saving of $9.20 on the patterns made and $32.00 saved on garments b ybeing able to cut and fit them at home.

In her report to Miss Martin, Mrs. Guthrie says: "Our club was very much interested in the garment making. We had our first all day meeting to study garment making at my home on anuary 10. We cut and fitted six patterns and had splendid success with our fittings. We had already cut six patterns; so that made twelve perfect fitting patterns. We completed two house dresses here that day as models. I had Mr. Kinnaird send to Columbia to get enough circulars on dress cutting and fitting, to have one for each of our members, which made it much easier for them to learn to take measurements.

"A week later we had another all-day meeting to cut and fit a house dress for each one who had finished their pattern and we had splendid success with the cutting and fitting. Then on January 31, we had another all-day meeting to finish up our work and show the members all we could about what we had learned at the school of instructions; and they were all very much interested in it. We can not send in near such a report as Mr. O'Day did; but we have taught each of our club members how to take measurements and draft patterns; also as many outsiders as seemed interested and wanted assistance. We have cut a perfect fitting patern for each of our members except three who have been unable to attend on account of sickness. If I ever have an opportunity to attend another one of your schools of instruction, I will surely be pleased to do so as an observed if not as a delegate."

The county agent, Roy A. Kinnaird, has made application to the extension service to hold other schools in the county, either for garment making or millinery work in August or September. If the specialist can be obtained it is probable that these schools will be conducted in parts of the county that have not had such work before

Pioneer School Wins Harmony Track Meet

Scoring 69½ points, the Pioneer school won the Harmony track meet yesterday. Excelsior school was second with 35 points, and the Common Sense school placed third by winning 25 points.

About seventy-five athletes were entered in the various events. Five schools were represented in the meet. Leon Brown of the Excelsior school was the high point man by garnering a total of 23 points. Fifty cents was given the winners of the various events, thirty-five cents for those placing second and twenty-five cents for the athletes coming in third.

Eli Jones and wife of Elmo were shopping in town today.

MOUNTS A SUICIDE PRESIDENT'S BELIEF

NORTHWESTERN HEAD TESTIFIES AT GRAND JURY PROBE

ASK A NEW HEARING

States Attorney's Urge Present Investigation Cease—On a Blind Trail They Say

Chicago, May 10—Leighton Mounts killel himself as a result of differences with his mother over his love for Miss Doris Fuchs, was the opinion of Walter Dill Scott, president of Northwestern University today in his testimony before the grand jury investigating Mounts' death. Scott denied that he had ordered the search for Mounts to be discontinued in September, 1921 following the class fights.

Chicago, May 10—A committee of state's attorneys called upon the office of State Attorney Crowe today to urge that he cease the grand jury investigation into the mysterious death of Leighton Mounts and entirely disregard the information received thus far, and further recommended that a whole new investigation be launched. If Attorney Crowe consents, all testimony given so far will be thrown out. The new investigation will take cognizance of nothing that ahs been unearthed in the present investigation. The grand jury is on a blind trail, the attorneys told their chief.

They intended to go back to the beginning of the thing. All has been considered so far will be ignored and only facts considered. Evanston will be the esat of the hearing.

The main point to be determined is whether Mounts committed suicide, as President Walter Dill Scott of the university, expressed as his belief, or whether he was killed as the result of a class fight and his body buried underneath a pier, where his skeleton was found ten days ago, as investigators believe.

Jonh Smith Heads the High School Rabbits

Elected Captain of Track Team To Succeed "Red" Roelofson Who Has Left School

John Smith has been elected as captain of the high school track team for the remainder of the year. The election was held yesterday evening, after track practice. It was a close race between "Johnny" Smith and "Weenie" Willoughby, and several ballots had to be taken. Both men are especially fitted for the position. The boys elected a new track captain to take the place of Captain Roelofson, who is no longer in school.

Club Women of U. S. Oppose Court Plan

Atlanta, Ga., May 10—The clubwomen of the United States in annual convention here today, turned down President Harding's bid for unqualified support of his international court project, and offered a substitute resolution.

Leaders, in a vigorous fight, attempted to get an endorsement by the Womens Federated Clubs and held out for American participation, insisting upon approval of Harding's plan "without dotting an i," but the resolution that came from the committee was a completely changed document.

CARDINAL FROM GERMANY TO VISIT CONCEPTION ABBEY

Archbishop Faulhaber of Munich, Germany at Conception Tomorrow

A message from St. Louis received at the Abbey Wednesday stated that His Eminence Cardinal Archbishop Faulhaber of Munich, Germany, would be at Conception Abbey Friday of this week and would assist at the solemn Vespers and Benediction at 1:00 p. m. on that day. This is the first time that such a great Prince of the Catholic Church is visiting the Abbey which in the past has seen so many dignitaries within its walls.

Miss Ella Reynolds of Guilford is visiting in Maryville this week with Miss Ethel Anderson.

THE WEATHER.

Partly cloudy tonight and Friday; warmer tonight.

Officials Disagree Over Liquor Ruling

Washington, May 10—The federal Court decision denying the right of Congress to fix the amount of liquor that a physician may prescribe has apparently thrown prohibition agents into differences over the methods of proceedure.

After the prohibition bureau had announced that there would be no change of regulations until the Supreme Court had an opportunity to pass upon the question, it was announced by Secretary of the Treasury, Andrew W. Mellon, that immediate liberalization of regulations would be started unless Judge Knox would grant a stay of execution of the order.

11 DIE IN OIL FIRE IN TEXAS

FIVE OTHERS MISSING IN HUGE CONFLAGRATION

T. N. T. MAY CHECK IT

Chemist Expert Declares High Explosives Best Means—Flames Still Raging—Visible For Miles

Washington, May 10—The use of T. N. T. to check the huge oil fire at Powell, Texas, which has already cost a dozen lives, was suggested by Charles E. Monroe, explosive chief chemist of the bureau of mines.

"I know that it sounds spectacular to blow out the fire with T. N. T.," said Dr. Monroe, "But it is not spectacular. In fact it is a simple scientific method and has been used before with complete success."

Powell, Texas, May 10— Eleven persons are known to have burned to death in a fire which enveloped the Hughes—McKee oil lease near here last night. Seven bodies are now in an improvised morgue. Four other men are known to be enveloped in the flames in the well beyond the reach of the rescuers and one other worker is unaccounted for.

Of the five missing, four of them are known to be dead in the flames for their bodies can be seen in the flames. Whether the fifth man has escaped from the flames or is buried so deeply that it cannot be seen, has not been ascertained. A huge lake of oil surrounded the well when the fire started. Two crews were just changing shifts. Suddenly a flash of flames sprung up from the control valve and instantly the well became a seething mass of flames. Confusion reigned.

No attempt was made to control the flames and they were still raging this morning and could be seen for miles around. Most of the victims were employees of the company. The clothing of all the men were oil soaked and making them easy victims for the flames..

Men could be seen running from the well, as almost a human torch, but only to fall in their tracks. Intense heat made it impossible to attempt any rescue.

It is planned to use steam in an effort to smother the flames. It is not definitely known what the cause of the fire was, but it is thought that pebbles or a spark from the hammer of the steel control head ignited the oil and gas from the gusher.

The well came in Tuesday and was pouring out 500 barrels per day. It was one of the largest gushers in the Mexia field. Belief has been expressed that it will be several days before the flames could be brought under control.

Post Office Bans Mail for Dr. Cook

Washington, May 10—Broad orders were issued by Postmaster General Harry S. New against Dr. Frederick Cook, and his associates in the development of an oil company in Texas. Cook is already under federal indictment for using the mails to defraud and the order today gives the post office department authority to sieze any mails addressed to him or his associates.

AMERICANS ARE STILL CAPTIVES

BUT CHINESE BANDITS HAVE RELEASED SOME

EXPECT RELEASE SOON

According To State Department Cable—Miss Lucy Aldrich Tells of Her Experience In Hold-up

Shanghai, May 10—The release of the American and other foreign captives by the Suchow bandits was believed imminent today. Lynceng, near the scene of the hold-up, telegraphed today that government agents working for the release of the Americans and other foreigners, had sent word that the outlook for their release looked very favorable.

Peking, May 10—Miss Lucy Aldrich sister-in-law of John D. Rockefeller, who was kidnapped by the Suchow bandits on the Shanghai-Peking express, but later released, arrived here today and told her story of carrying heirlooms and jewels in her hand while the bandits drove their captives to the mountains. Contrary to stories told by others, Miss Aldrich said that the brigands treated them kindly. Miss Aldrich was ill from exposure and was accompanied here by her physician.

"I was not scared by the bandits," Miss Aldrich declared, "I had time to hide my money and some other valuable before the bandits reached me. I saw only a score or so of bandits in the band." (Previous accounts had placed the number of bandits at a thousand.)

"I was in my nightgown, as it was about midnight when the train was wrecked," Miss Aldich continued. "I slipped on my slippers when I heard the noise. There was no harsh treatment accorded the captives as far as I could see. They marched us all night through the mountains. I held in my hands during the trip my mothers ring and other valuables I had saved."

Washington, May 10—Chinese brigands have liberated the sons of Maj. Roland W. Pinger and Maj. Robert A. Allen, two army officers, who were carried off from the Shantung-Peking express by bandits and held in the mountains for ransom, but the two officers are still being held, according to a cablegram reaching the state department today from the American consul Davis.

A garbled cablegram led the state department to announce incorrectly that Major Allen and Major Pinger had been released. A study of the dispatch, however, caused a different interpretation concerning the message to be made by the officials.

Both officers were reported to be in good condition and Consul Davis expressed the hope for the release, shortly of the two officers and that they showed virtually no ill effects of their adventure.

Washington, May 10—Chinese brigands have liberated Maj. Roland W. Pinger and Maj. Robert A. Allen, two American army officers, who were kidnapped from the Shanghai-Peking express by bandits and held for ransom, according to a cablegram dispatch received at the state department today from Consul Davis at Nanking.

Both officers were in "good condition," said the message from Davis, and showed virtually no effect of their adventure. While the dispatch did not say that the other Americans had been liberated, Davis regarded the situation as "very hopeful."

Washington, May 10—The Chinese government will deal specifically with the bandits who kidnapped the foreigners from the Shanghai-Peking express train, the American government was assured today by acting minister of foreign affairs at Peking.

This action was interpreted in Washington that the Peking governmen will at once take steps to provide the ransom money demanded by the bandits for the release of the captives, and that punitive measures will be taken up later. Negotiations have already been opened by the envoys of the Peking government and representatives of the brigands, according to information received by the American legation from the acting minister of foreign affairs.

He stated that he did not know what progress had been made but that actual negotiations were in progress.

LARGEST CIRCULATION IN NODAWAY COUNTY

Will Test Cattle in Other Counties

Dr. T. J. Eagle, United States veterinarian, who has been working in Nodaway and Atchison Counties testing cattle for tuberculosis, in the near future will start similar work in Worth and Gentry Counties. Dr. Eagle has been working recently in Nodaway county testing accredited herds and re-testing infecting herds.

Last Tuesday Dr. Eagle tested in the vicinity of Ravenwood and will do further work there tomorrow. Yesterday he tested near Graham and Skidmore and returned there Saturday. Next Monday he will go Grant City to attend a meeting with the view to making plans for organization of that county for testing work. They expect to organize and to start the work in Worth County within the next two months. Tuesday he will work in the vicinity of Albany and make preparations for similar examinations later in Gentry County. Wednesday he will conduct testing and re-testing in the vicinity of Guilford.

Wilfley Defeats McClurg, 90 to 93

The final rounds in the golf tourney at the Country Club are in progress this afternoon and will continue the remainder of the week. Geo. L. Wilfley and Sam McClurg completed their play, Mr. Wilfley winning by the score of 90 to 93. Donald King and Charles Jensen completed nine holes last night, with Jensen leading 40 to 47. In the first round yesterday, F. C. Miller defeated the Rev. Joseph A. Cooper 78 to 90. Scores are being turned in at the club house and the committee says that the winners must enter their names in the right brackets on the schedule.

Harve England Thinks Strawberries are Hurt

Harve England, fruit and vegetable grower, living south of Maryville, said this morning that he believed at least a third of his strawberries had been killed by the freeze, night before last. Mr. England burned smudge pots in his strawberries until 1 o'clock in the morning, then built a large fire and went to bed. He said this morning that easily a third of those in bloom are black centered and believes that the remainder of them will be blighted upon blooming if they were chilled.

Roy A. Kinnaird, county farm agent, said this morning that many strawberries were killed especially the earlier ones. He also expressed the opinion that some of the crops were damaged by the cold weather.

Mr. England expresses a fear that the cherries had been killed. He says that they may form from the blossoms, until about the size of a pea, then turn white and fall off.

Grapes are injured, he said, at least those in his vineyard. Gardens in his neighborhood escaped unhurt too, he said. A peculiar thing was noticed on his farm the day after the freeze. He says he found some watermellon vines, which had come up volunteer, standing erect and unhurt, and right next to them were good-sized potato plants that had been frozen and wilted. Potatoes are usually considered a much hardier plant than watermelons.

Special Mattress Sale!

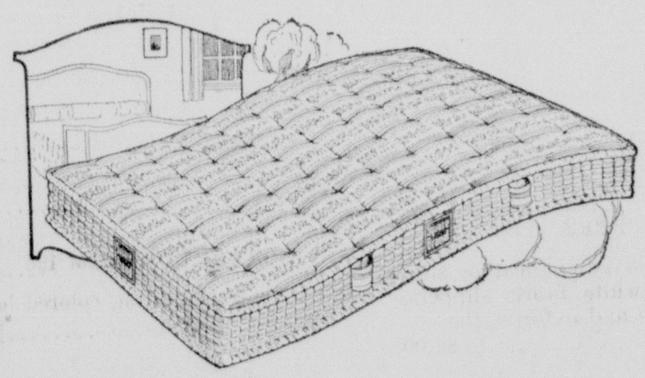
Begins Saturday May 12th

7 Days--Only 7

Ends Saturday May 19th

You get this chance to buy Mattresses at greatly reduced prices because we can make more money selling a lot of Mattresses in one week at low prices than we can selling the same number at higher prices during a longer time.

Mattress Week is your oportunity to replace that old worn-out Mattress with the finest, cleanest, most comfortable Mattress you ever slept on at a price 20 per cent less than you can buy it for after Mattress Week is over.



THE "ROYAL" MATTRESS, $18.95

Regular Price, $22.00

The cotton on the scale is exactly the same new, clean felted cotton that is used in every "Royal" Square Brand Mattress.

There isn't an ounce of dust or chaff in it because while the cotton is being felted it passes through a vacuum cleaning system that removes every particle of dust.

Such clean felted cotton is the most elastic material from which a Mattress can be made. It won't lump nor pull apart and sleeping on it is REAL honest-to-goodness restful comfort.

We give you the unlimited guarantee, not only of the manufacturer but of this store as well, that the "Royal" Square Brand Mattress will give you absolute satisfaction.

We carry three other grades of Square Brand Mattresses, each, we believe, the best Mattresses made in its grade. During Mattress Week we will sell them at these prices:

"Bonanza".....$11.95—regular price $14.90
"Knight".....$14.95—regular price $18.40

A $22.00 Mattress Free!

You don't have to be lucky to win this fine prize—just shrewd enough to make a correct estimate of the weight of a pile of cotton.

Every cash purchase amounting to $5.00 or every $5.00 paid on account during Mattress Week entitles you to one guess; $10, two guesses; $20, four guesses, and so on. We'll register your estimate, and give you a coupon showing your guess.

See the cotton on the scale in our window and guess what weight will be left on the other side of the sale when ropes are cut and the scale balanced.

The ropes will be cut and the scale balanced to the ounce at 8:00 p. m., Saturday night, May 19. The person who has registered the estimate nearest to the exact weight gets this fine $22.00 "Royal" Mattress.

If you have already bought a Mattress during the week, we will give you a trading credit for an amount equal to the special price of the "Royal," which is $18.95, or rebate you that amount in cash.

THE SHREWDEST GUESSER GETS THE MATTRESS—

Every $5.00 purchase, and each $5.00 paid o naccount, entitles you to one guess.

Oklahoma City, Okla., May 10.—Despite prospects of a bumper wheat crop Oklahoma will need no outside labor in harvesting this year, Claude E. Connally, state labor commissioner, said today. Connally warned detective agencies offering "protection from the I. W. W.'s" to stay out during the harvest season as the I. W. W. is "not recognized as a problem" and he fears that detectives would only foment labor trouble.

Jefferson City, May 10.—The constitutionality of the St. Louis zoning ordinance was today in the hands of the supreme court following arguments for and against its validity. On the court's decision will depend the right of Missouri cities to enforce zoning restrictions.

In the recent decision in the Gladstone boulevard case of Kansas City the court indicated that the cities have the right to enact and enforce zoning ordinances. It will be several months before a decision is handed down in the St. Louis case.

The St. Louis zoning ordinance was attacked by a junk dealer on the ground that the location of his yard could not be controlled by the cities.

Mrs. L. J. Hedgepeth of Skidmore came last night for a visit at the home of her son, D. R. Baker and family, on West Third street.

Legion Wrestling Card Next Monday

"Russian Bull" Bass Will Meet Marvin Barrackman In Fifth Grappling Card Of Legionnaires

The fifth wrestling card put on by the local post of the American Legion will be presented at the State Teachers College auditorium next Monday night when Johnny "Russian Bull" Bass will meet Marvin Barrackman, a wrestler who has been grappling in Colorado, Kansas and Nebraska for the past two and one half years. In that time Barrackman has been thrown but once.

The match should attract a deal of interest as there are many fans in Maryville who are backing Bass to win and there are others who will be just as strong in their support of Barrackman.

Coach E. A. Maynor of the State Teachers College will act as the referee of the match and he will also furnish the preliminaries.

KISSINGER GREENHOUSES' have the finest assortment of potted plants vines, foliages, ferns, pansy plants for the flower beds—porch boxes—and hanging baskets. Best we have ever offered, at 10c each, $1.00 per dozen. Large assortment of cut flowers for every occasion and vegetable plants for every body. Block south of Hospital. Hanamo 374

This match will be the third in which Bass has participated in Maryville. On the other two occasions he has come out successful and both times he had thrown his opponent with ease. The Legionnaires promise a more difficult man for him in Barrackman and the followers of the game are waiting with interest for the conflict.

MEN—WE'VE GOT THE MAN THIS TIME — GOT THE MAN WHO WE GUARANTEE, WILL GIVE JOHNNIE BASS THE HARDEST TUSSLE HE EVER HAD ON THE MAT. WE ARE GLAD TO ANNOUNCE THAT WE HAVE SIGNED UP BARRACKMAN, THE NATIONALLY KNOWN WRESTLER, TO MEET BASS MONDAY NIGHT AT THE COLLEGE GYM AT 8:15. FELLOWS WE HAVE TALKED TO WHO KNOW, SAID THAT THEY WOUD NOT MISS THIS MATCH FOR ANYTHING. Uuder the auspices of the American Legion.

Commission Asks Right To Acquire Land

A condemnation suit was filed by the State Highway Commission this afternoon against S. H. Williams, Ernest Boyer, Grace Woods and Mary Scott. These parties are the owners of about seven acres of land just east of Burlington Junction through which the new state highway is surveyed.

The petition asks the court to grant the Commission the right to acquire this land at a reasonable compensation in order that a right-of-way may be obtained.

Hearing on this case is set for May 23.

48TH PUBLISH "WINNER"

(Continued from page 1)

Miss Ford then asked us to think of a name
With which we were to distinguish our fame;
Right away, at recess we all got busy
And thought, and thought till we were dizzy.

"The Winner" met the approval of all,
And with it we hope to keep the cup next fall.

Two in Short Meter

Two other poems are especially good. One is by Ruth Jensen, and the other by Carl LeRoy Fisher. They are as follows:

We named our book "The Winner,"
'Cause that's what it's sure to be.
A prize is going to be given
For the best project, you see.

We'll put a cup on the cover,
A silver cup t'will be.
'Cause that is what we're working for;—
To keep the cup trophy.
—Ruth Jensen.

Just you ask the A eighth
If it's not true as faith.
That we're holding the cup
And we won't give it up.

With our aims set so high
Not one will deny,
That we're holding the cup
And we won't give it up.

Keep up the good work.
Let nobody shirk,
For we're holding the cup
And we won't give it up.
—Carl LeRoy Fisher.

The next few pages are devoted to some of the wise sayings of Benjamin Franklin. Following these sayings are original compositions, written by the pupils, applying these to every day life.

Following the articles on Franklin are compositions on birds, arbor day, and the planting of trees. Many of these are in editorial rather than composition form.

Assemblies and Excursions

All of the grade assemblies and programs are written up. Besides these, are accounts of excursions made by the class members to different places in Maryville. The pupils made these excursions and learned about the business house, or place that they visited, and then wrote the account for the book. Usually, the pupils made oral reports in class, before they wrote the description of their excursion. The class visited several business concerns in town, as well as other interesting places, like the college campus.

Following these accounts, are reports on manual training, domestic science, and civic news, by the committees assigned to these duties. There are pictures of the Missouri State Seal, and the National Emblem on the next two pages. Beneath the illustrations are short accounts, explaining the emblems.

History of Maryville

The next few pages are devoted to a history of Maryville. The history, while brief consists of the most important facts, which makes it very interesting. In connection with the history, are illustrations of the first Nodaway County Courthouse, the Carnegie library, and the Washington School.

There are articles on different athletic activities, in which the eighth A grade has participated. Besides these articles, there are stories of trips, and interesting places that some of the students have visited. There are other stories and miscellaneous articles and poems scattered throughout the magazine.

Items telling about the school activities, and the people who have visited the class, during the semester, are written up in editorial style. Advertisements of well known articles that are on sale in the different stores in town were drawn by the art editors. There are also cartoons and pictures.

Class History

The last page of the magazine is devoted to a short history of the class, telling from what school the different pupils came. Of course, a majority of the members have lived in Maryville and received all of their education in Maryville schools, but some of them entered the class from out-of-town schools.

The magazine is interesting to outsiders as well as to pupils, but it will be especially valuable to the pupils of the eighth A grade, who can keep it as a remembrance of school days.

Class Members

The members of the class are as follows: Veldron Anderson, Winifred Baker, Mary Jane Bellows, Darrol Boeppler, Halbert Catterson, Alma Carter, Tama Carlson, Alma Chappel, Cleola Dawson, Edwyna Forsyth, Le Roy Fisher, Clyde Gibson, Forrest Hall, Mildred Hughes, Ruth Jensen, Ray Keever, Lawrence Kissinger, Helen Lauber, Frances Lemon, Glen Litsch, Eudora McDonald, Leola Miller, Esther Miller, Alice Nelson, Ora Petty, Beatrice Puckett, Emma Ryan, Nettie Russell, Nellie Russell, Nellie Marion Smith, Earl Somerville, Virginia Tulloch, Doris Wallace, Noreen White, Catherine Wray, Florence Wray, Lawrence Wray.

UNSHAKEN TESTIMONY.

Time is the test of truth. And Doan's Kidney Pills have stood the test in Maryville. No Maryville resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony.

Mrs. J. B. Kissinger, 904 East 4th St., Maryville, says: "I had been suffering with kidney trouble for some time. I had severe pains through my hips and was tried and weak. There were bearing down pains in my back and sides and I felt exhausted at times and could not rest at night. After using a few boxes of Doan's Kidney Pills I was greatly relieved, and my health began to pick up."

(Statement given October 2, 1912.)

On March 31, 1920 Mrs. Kissinger said: "I have not had a return of kidney trouble since using Doan's Kidney Pills. I am glad to say Doan's cured me and I wish to confirm my former statement as to the benefits obtained."

CHANGE OF LIFE LOSES TERRORS
For Women Who Rely upon Lydia E. Pinkham's Vegetable Compound

Greenville, Pa.—"I took your medicine through the Change of Life and it did wonders for me. I was down in bed when I started to take it and weighed 95 pounds. I had hot flashes and was so nervous and weak that everything would get black and I could not see. I would sit and cry and did not know what I was crying for. Since I have been taking Lydia E. Pinkham's Vegetable Compound I feel younger than I did ten years ago, and my friends all tell me I look younger, and I owe it all to the Vegetable Compound. I do all my housework for a family of seven now. I will be glad to answer any woman who writes me in regard to my case."—Mrs. JOHN MYERS, 55 Union St., Greenville, Pa.

Many letters similar to this have been published testifying to the merit of Lydia E. Pinkham's Vegetable Compound. They are sincere expressions from women who describe as best they can their feelings before and after taking this well-known medicine.

Many times they state in their letters their willingness to answer women who write them. It is an offer dictated by gratitude and a desire to help others.

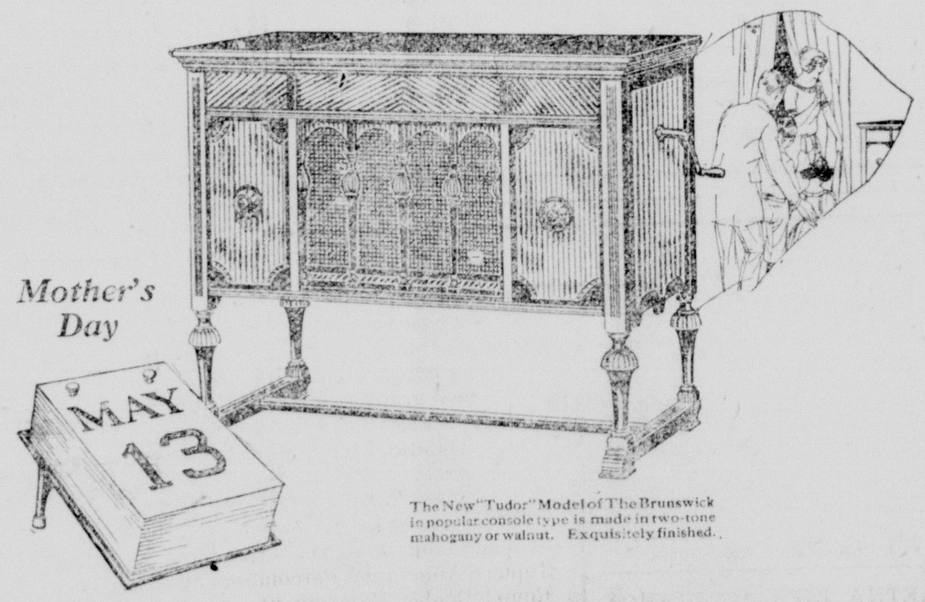
PHONOGRAPHS AND RECORDS



The New "Tudor" Model of The Brunswick in popular console type is made in two-tone mahogany or walnut. Exquisitely finished.

Bring Joy to Mother on Mother's Day

This is one day in the year sacred to mother, the mother who has devoted a lifetime of days to bringing happiness into your life.

Don't let this day pass without showing her that the wonderful love and devotion she has lavished on you are valued and appreciated.

No present you could make would bring her so much joy and pride, so much entertainment in her lonely hours, as a beautiful Tudor Model Brunswick Phonograph. On it she can hear again the old sweet songs, the beautiful singing of great artists, the modern popular music, exquisite instrumental music by the famous artists of today.

This console Brunswick plays all records, as only The Brunswick can interpret them, with absolute fidelity of tone, with every shade and expression of feeling which the singer or player uses in interpreting the masterpieces of art.

Come in and see this handsome new Tudor Model Brunswick. Then arrange for us to deliver one to your mother on Mother's Day.

Convenient terms can be arranged to suit you.

Scandal at Hopkins A Few Days Ago

(Hopkins Journal).

Quite a scandal was created in this city a few mornings ago by one of the well known citizens beating his wife up. Several of the neighbors claim to have seen part of the incident. We withhold the man's name for he promised his wife that it will never happen again. As he is now ashamed of his actions he should not be condemned too severely by other husbands. It was at least 5:30 in the morning, and eye witnesses declare that he not only beat his wife up—but actually had the fire going and the coffee pot on before the surprised lady got to the kitchen and fully realized how badly she was beaten.

The Doctor Was Right

When the good old family doctor was asked about baking powders, he said:

"Use Royal. It is made from Cream of Tartar and is absolutely pure. You could dissolve a couple of teaspoons of Royal in water and drink it with benefit. That's a health test mighty few baking powders can meet."

The doctor was right.

For Real Service Buy Red Crown

The High-Grade Gasoline

Gasoline Service is expressed in terms of mileage. When you buy 10 gallons of gasoline, in reality you are buying 150 miles of service, if you get 15 miles to the gallon.

Gasoline becomes a propelling force only when you cause it to vaporize and mix it with air.

The service which you receive is in exact ratio to the manner in which the gasoline vaporizes.

Red Crown Vaporizes to the Last Drop

that's why there is no waste. Red Crown has a Perfect Chain of Boiling Point Fractions, adjusted so as to vaporize at just the correct temperature to produce instant starting Winter or Summer — a quick pickup — smooth acceleration—tremendous sustained pulling power — racing speed if you want it and a maximum of mileage.

All of which is summed up in two words "Real Service."

Hopkins Men Enjoyed C. of C. Dinner

Returned To Their Home With a Kindlier Feeling Toward Maryville and Its Citizens

Editor W. L. Moorhead of the Hopkins Journal had the following this week:

Several Hopkins men returned from Maryville last Monday night with a kindlier feeling towards that town and its citizens. These men were guests at a dinner given by the Maryville Chamber of Commerce and enjoyed the evening to the utmost. Bobb Ellison presided and in a happy vein welcomed the visitors and after the dinner, his droll wit kept the crowd on "hi" for an hour or more.

Maryville is a real town, growing in wealth and population right along, and much of her success is due to the Commerce Club—an organization Hopkins and every other town, big or little, needs. The members of the Maryville Club, from its president, "Jim" Todd, down, are live ones and know how to make it pleasant for visitors as well as how to build up their town. The State Teachers College is a big asset to Maryville and is also a halp to the entire county as well as to nearby counties, giving those wishing to prepare themselves for teachers every advantage without going so far away from home—not only a convenience but a saving of money.

Short talks were made at the dinner by E. D. Arnold, of Maryville, and by Mayor Oscar Mutti, Ex-Mayor C. E. Donlin, J. C. Pistole, E. C. Wolfers, W. L. Moorhead and John Aley of Hopkins, the latter making a hit by saying that Maryville would be a much better town if it wasn't so close to Hopkins.

Mayor Mutti also "drew a laugh" by telling of the difference in time required to drive from Hopkins to Maryville now and before the advent of the automobile—saying it took him some years ago three hours to drive from Hopkins to Maryville—innocently adding that he didn't remember what time in the morning he got home—evidently forgetting that those were days when "The Oak" and the "Home for Working Men and Strangers" were mighty magnets at the county seat.

Conception College to Present Play

The Conception College Dramatic Club will stage the play entitled Pizarro at the Conception Parish hall, Wednesday, May 16, at 2 p. m. and Sunday, May 20 at 8:15 p. m. Those who have read or seen the play know that it is replete with thrilling situations and offers splendid opportunity for real dramatic effect. The cast has been working on their parts under the direction of Rev. Isidore Diebold for an extended period of time and hope to be able to make a worthy appearance. The historical costumes will be a specialty. Music will be furnished by the College Symphony Orchestra.

Harmony School Banquet Last Week

The annual school banquet of the Harmony high school was held at the high school building the evening of May 8. About sixty plates were laid and the invited guests of the student body were: Members of the school board and their families, all members of the faculty of the entire district, as well as all graduates of the eighth grade. An elegant three course supper wa sserved by the Ladies Aid of the Harmony Church.

After supper the following toasts were prepared and responded to: "After College, What?" Prin. Harold S. Sawyers; "Recollections of School Life," Mrs. Kalila Ford; "Service the Mission of Life," Rev. R. Underwood; "The Curriculum," Miss Vera Brown, and "Always a Student,' Prof. L. L. King. Class pennants were then exchanged and about 11 o'clock, this, one of the most pleasant features of commencement week terminated.

J. F. McCann of Conception Junction visited in Maryville today.
